

MAKING MMS HAS NEVER BEEN EASIER

- ① Take one EASYMMS out of its foil and DISSOLVE it in 2 liters of clean mineral water.
- ② Wait 1 minute for the EASYMMS to DISSOLVE in the water.
- ③ DONE! You now have 2000ml (2 liters) of READY TO DRINK, top quality MMS.

Your EASYMMS is the same as the very popular Protocol 1000 only now you have a more powerful PPM solution that is easier to make and drink and it prevents the feeling of nausea **MAKING YOU BETTER QUICKER.**

2 Liters of EASYMMS must be finished over two days. Pour a glass every hour (125ml) to enjoy during the day (over 8-10 hours). Keep in the fridge if you like (cold tastes better) and always keep it out of the sunlight. We suggest you stop taking EASYMMS from the evening (7pm) till the next morning (7am). This is simply a good time for your body to rest and for you to eat something (nourish your body). We also recommend that you take EASYMMS for 6 days and then give your body a 24-hour rest on the 7th day

Other uses for EASYMMS:

Ear ache: For an ear ache, put 2 DROPS of EASYMMS into the effected ear and let it soak in while lying in your opposite side - repeat every 2 hours.

Sore throat: Simply GARGLE with EASYMMS every 2 hours.

Toothache or mouth sores: Brush your teeth with EASYMMS ONLY (no tooth paste) every hour and or brush your gums (mouth sores) with EASY MMS every hour.

Enema or Douche: use 500ml of EASYMMS twice a day. Fill the douche or enema containers with EASYMMS and use as normal.

Infected skin: Add the EASYMMS solution into a spray bottle.

Apply this spray every hour onto the infected skin. Please do not spray into your eyes. Just rinse with water if MMS makes contact with your eyes.

For CHILDREN under the age of 16: Please dilute EASYMMS with 50% water. Pour EASYMMS solution into a glass and dilute it with 50% water (half EASYMMS, half water)

The EASYMMS logo features a stylized '1' with a circular swoosh around it. Below the logo, the word 'EASYMMS' is written in a bold, sans-serif font, followed by the tagline 'One tablet, One Solution' in a smaller font.

From the industry leaders in MMS technology, MMSTABS.COM brings you the revolutionary EASYMMS – One tablet, One solution.
